We hereby confirm that Process Control Ltd is an approved supplier of

UNIFLOW 200-FMC flow computer

for FGSZ Ltd and our Company have this product in service since 2006.

There are more than 200 units installed on the Hungarian Gas Transmission Network. They are in use at gas delivery stations for custody transfer measurement and at compressor stations and hubs for process measurement.

UNIFLOW-200-FMC has proven itself to be a reliable and robust instrument.

The Manufacturer support and after sales service are top-notch.

The UNIFLOW 200-FMC flow computers are installed in natural gas flow metering systems with primary flow meters of

- Sick-Maihak, Elster (Instromet), Krohne, Cameron (Caldon) made ultrasonic meters
- Elster (Instromet), RMG, Itron, Rombach made turbine and PD meters
- Orifice and Annubar pressure differential device flow meters

Yours sincerely,

Noémi Kreszné Meggyes
Operations Director

József Balla
Head of Metrology
